2027 Graduate Talent Program – Tech Graduate – Pune

Your role

Interested in working in finance, Technology, but not sure where to start? Do you want to work for a firm with a truly global footprint that consistently ranks among the world's top financial institutions? We're looking for ambitious students to join our 2027 Graduate Talent Program within GTO Business.

You'll get to:

- contribute to system specification and design, helping shape scalable and effective solutions.
- write high-quality software while following engineering best practices and coding standards.
- participate in application definition and contribute to the development of innovative
- perform system modeling to support architecture design and technical decision-making.
- be involved in release planning and development, ensuring successful delivery of products and features.
- provide support and maintenance for applications, helping ensure reliability, performance, and continuous improvement.

Your team

You'll be working in the Group Technology Office located in **Pune / Hyderabad**. We're responsible for sourcing, developing, implementing, maintaining, and supporting our world-class technology solutions. We're a global organization with multiple streams that align with each of the key functional areas within UBS to ensure that our solutions meet business needs.

Your expertise

We're looking for a candidate who:

- Will graduate with a bachelor's degree In Engineering June 2027 and has a minimum cumulative 7 GPA .
- Has proficiency in at least one programming languages (Java, C++, Python etc)
- Can evidence how experimental and responsible use of AI can improve outcomes and efficiency
- Has values that align with ours: hard-working, trustworthy, dedicated and collaborative
- Is a strategic thinker with strong communication skills.
- Is motivated to work in a business with high demands and tight deadlines.

We're looking for someone who's curious and wants to thrive in a business that never stops moving. We welcome all majors, but it's important to have an interest in the financial industry. We want to see what makes you unique and discover what you can bring to our team.

Your program

Our Graduate Talent Program is **24** months long, and designed to help you develop the skills you need to grow your career. To start, the program introduces you to our firm, provides professional and technical training and teaches you core skills and knowledge of the Group Operations and Technology Office. And it continues from there: by learning from your colleagues, you'll have plenty of opportunities to develop new skills and build your network. You'll have the opportunity to see beyond your job by participating in one, or several, rotations. If you're ready to work where no two days are the same, this program is for you.

About us

UBS is the world's largest and only truly global wealth manager. We operate through four business divisions: Global Wealth Management, Personal & Corporate Banking, Asset Management and the Investment Bank. Our global reach and the breadth of our expertise set us apart from our competitors.
